### THE ROTARY FOUR-WAY TEST

- 1) Is it the TRUTH? 2) Is it FAIR to all concerned?
- 3) Will it build GOODWILL and BETTER FRIENDSHIPS? 4) Will it be BENEFICIAL to all concerned?

### LAST WEEK

Once again, **Wendy Rogers** was our "leader" for the day. (Another good job, by the way – 'tho not as complicated as the week before.) Our speaker, **Susan Rueb**, gave us some insight to the number of diagnosed brain injuries that occur in the U.S. each year –

1.7million. She is Founder and President of B.R.A.I.N., which is an acronym for Brain Rehabilitation And Injury Network. Their goal is to help the brain injured and their families and give them ways to cope. We learned that exercise is one of the most important things for brain health.

We had some other good input at this meeting. **Brenda** reported that she and **Carl** attended the Rotary International Convention. Carl was especially interested in hearing what Bill Gates had to say about Polio Plus. We knew that **Margaret** was attending, but it was good to see that the **Glim's** had a memorable visit in New Orleans, as well.

**John** reminded us that Science Showtime is getting closer. This year we will invite local private schools to the event, as well as all the public school 5<sup>th</sup> and 6<sup>th</sup> graders. He is looking for more sponsor companies to make the date complete.

Another important note – we met **Matt Beres** for a third visit. We should hear more about him at this week's meeting.

### A FEW GOOD ONES. . .

- Ø Light travels faster than sound. This is why some people appear bright until you hear them speak.
- Ø Knowledge is knowing a tomato is a fruit; Wisdom is not putting it in a fruit salad.
- Ø The Evening News is where they begin with 'Good evening', and then proceed to tell you why it isn't.

### MEETING SCHEDULE FELLOWSHIP MONTH

### OUT WITH THE OLD -- IN WITH THE NEW

Now we look to the future with **Wendy** to help us Reach Within to Embrace Humanity.
