THE ROTARY FOUR-WAY TEST

- 1) Is it the TRUTH? 2) Is it FAIR to all concerned?
- 3) Will it build GOODWILL and BETTER FRIENDSHIPS? 4) Will it be BENEFICIAL to all concerned?

LAST WEEK

Al Klingensmith's Craft Talk was an eye opener for many. Did you think of him as the guy who has been a Rotarian *forever*, has lots of Paul Harris awards, goes to Catalina *a lot*, and more importantly, hosts our annual Christmas Boat Parade party. Well, last week we found out more. After graduating from UCLA and law school, he became an attorney with some well placed clients. One of them liked him so much that he would up running their company. No problem that it was a chemical company, and he knew nothing about that industry. Needless to say, he stepped up to the challenge and made it work. Another great Rotary story. Thanks, Al.

Ann Cummings, our New Generations Chair introduced the Students of the Month from OVHS Business Academy. **Emilio Torres & Christie Yi** were the honorees for

the month. Each of them told us about their plans after graduation, and it seemed certain that they will continue to be winners. They are shown here with **Antonio Benitos** the Youth Advisor for El Viento. He shared his own experience with the El Viento program as a student, and later his career growth. Great group!

DICK WILSON MEMORIAL

Indiana Arrangements have been made for a special tree planting memorial to honor Dick Wilson immediately following our meeting on May 12th. We will walk across to the "Butterfly Park" and have a brief ceremony including: a tree planting, poem chosen by Dottie and a few words.

Afterwards, Margaret has graciously offered to host any and all at her home for some social time. A sign-up sheet at today's meeting will determine those that will be visiting Margaret's. Please plan to attend the ceremony at the park as we commemorate Dick and bid a fond farewell to Dottie before her move to Indiana.
